

HRA Administration Services

Health Reimbursement Arrangements (HRAs) are being used by many physician practices as a way to address overall health insurance costs. An HRA can be used in conjunction with health plans that have higher deductibles to help minimize rising health insurance premium costs.

PMSCO Healthcare Consulting (PMSCO) offers HRA Administration Services to assist your practice with taking advantage of this employee benefit. PMSCO will work with your practice to provide the following HRA Administration Services:

- ◆ Collect employees' Explanation of Benefits (EOBs)
- ◆ Track deductible amounts for each employee
- ◆ Send monthly notification of expense reimbursements for employees
- ◆ Scan, backup, and monitor all HRA information

Reasons to consider using PMSCO Healthcare Consulting for these services:

- ◆ Independent contractor services not affected by health insurance carrier changes (no need to switch vendors if you switch insurers)
- ◆ Compliant Plan Document and Summary Plan Description
- ◆ Quick claims adjudication and turnaround for eligible health care expenses
- ◆ Weekly, biweekly, or monthly reports for reimbursement to employees for eligible claims
- ◆ An Annual Report at the close of your Plan year
- ◆ Reliable customer service and support

The fee for HRA Administration Services is \$5.00 per contract holder, per month. Please return the form below to have a proposal issued for HRA Administration Services. Fax the form to (717) 561-6077, or call (866) 441-2392 to speak with an insurance agent.

Yes! I am interested in PMSCO's HRA Administration Services!
